

A FINE RECOGNITION OF WILLIAM AND MARY

Scholarship Awarded by Massachusetts Institute of Technology.

The Massachusetts Institute of Technology has, through its Executive Committee, voted to award a scholarship for William and Mary College, to be called the William and Mary College scholarship. President Lyon Tyler, of William and Mary, had before the faculty of the college January 5th, a letter from President Henry S. Pritchett, of the Massachusetts Institute of Technology, informing him of their action.

The faculty passed resolutions expressing their high appreciation and commending the naming of the scholarship after so brilliant a student and distinguished a professor of the scholarship provide:

1. The scholarship shall be granted to a graduate of the William and Mary College or to a student of that institution who shall have taken sufficiently advanced work for entrance to the Institute of Technology with advantage.

2. The scholarship shall be awarded upon the recommendation of the president and faculty of William and Mary College.

3. The value of the scholarship shall be \$300 a year. We shall assume that the scholarship will be filled with the beginning of the next school year, September 27, 1935. President Pritchett in his letter, expressed the hope that this scholarship may be the means of a closer relation between the Institute of Technology and William and Mary College, and also of a closer relation between the Commonwealth of Massachusetts and Virginia.

To this hope the resolutions of the William and Mary faculty cordially respond. In referring to it, President Lyon G. Tyler says:

"Doctor Rogers, after whom the scholarship is named, was one of the most eminent scientists of this time, and Virginia has a right to be proud of the contribution which she furnished through him to Massachusetts. Nicely has Massachusetts recognized the service, and in the establishment of the scholarship there may be recognized the same fraternal and noble principle which animated Cecil Rhodes in offering inducements to the American youth to revive the relationship with the ancient colleges of England."

HIGHLAND SNOW-BOUND.

Shippers Took Wise Precautions Against Present Conditions.

(Special to The Times-Dispatch.)
MONTREY, VA., Jan. 11.—Last week this correspondent referred to certain precautions taken by United States mail agents and the Highland merchants against possible delays and inconvenience from snow-drifts on the Allegheny.

The conditions to-day bespeak the wisdom of those precautions and prove that the measure was timely. The whole mountain area is covered with snow of an average depth of fourteen inches. Almost before the fall had ceased, a fierce wind set up and along the pike west of us, and on some of the rocky roads, were immediately drifted into formation. On the eastern slope of Allegheny, fifteen miles from Monterey, the blockade is such as to bid defiance to every mode of travel and traffic. At one point the snow piled in drifts to the depth of ten feet for nearly one-fourth of a mile. The task of removing such huge obstructions has always been regarded as too arduous for man, and just when a kind Providence will take it away is the measure of the wisdom of the precaution. Meantime, those who are spurred on by necessity or the urgency of their mission, resort to horseback transportation, the fences are thrown down, and, by dint of much winding round through fields and clearing of ridges, the journey is accomplished and intercourse between the two Virginias is unbroken.

C. E. B. Jones, of the law firm of C. P. Jones & Son, was one of the first to brave these formidable barriers of the Allegheny. He was en route to Marlinton, where a session of the Fairbanks court convened on Monday. An entire day was consumed in reaching the railroad station at Barlow, twenty-three miles away, and the pickup and conveyance of the court, which was en route to Marlinton, where a session of the Fairbanks court convened on Monday. An entire day was consumed in reaching the railroad station at Barlow, twenty-three miles away, and the pickup and conveyance of the court, which was en route to Marlinton, where a session of the Fairbanks court convened on Monday.

Emergency Room.

(Special to The Times-Dispatch.)
ORANGE, VA., Jan. 11.—The Emergency Room for persons meeting with accidents, which is being started by the King's of the Orange, has been opened, and has already received a number of cases. The room is located in the building of the Orange, and has been opened, and has already received a number of cases.

A room in Mrs. Julia Perry's building has been rented by the circle, to be known as the Emergency Room, for the use of the Orange, and has been opened, and has already received a number of cases. The room is located in the building of the Orange, and has been opened, and has already received a number of cases.

W. J. Quinlan Dead.

(By Associated Press.)
ALBANY, N. Y., Jan. 11.—William J. Quinlan, owner of the Albany baseball team, of the New York State League, died in his home here to-day. He had been ill for some months. He was a writer on sporting topics before his advent as a baseball manager.

Blood Poison

Blood poison, hereditary or contracted, pollutes the system with a poison that, unarrested, effects disastrous ravages throughout the human anatomy. Soon ulcers form in the mouth and throat, rose and copper-colored spots appear on the body and often ulcers form in the groin, the scalp becomes diseased and the hair and eyebrows fall out, the whole surface of the face and body finally becoming covered with horrible sores. In the third stage the hard tissues, the bones and the ligaments are attacked, the actual frame-work of the body putrifies, the whole human organism becomes a mass of corruption and the pitiful victim cries for death to end the awful sufferings.

Blood Poison can be absolutely and permanently cured by Botanic Blood Balm (D. B. B.). This wonderful medicine is guaranteed to cure the worst, longest standing and deepest seated cases. It cures where other medicines, doctors and hot spring treatments have utterly failed. It promptly heals all sores, stops all aches and pains, reduces all swellings, makes the blood pure and rich and completely changes the body into a clean, healthy condition. It is a purely vegetable compound, containing no mercury or other dangerous mineral. It is a peerless tonic, building up the system as it drives out the poison. Write the manufacturers for circulars and free medical advice.

Botanic Blood Balm
B. B. B.

Write for free book containing valuable medical advice and the history of many remarkable cures made by B. B. B.

Manufactured by BLOOD BALM CO., Atlanta, Georgia.

Mrs. J. W. Burnett has returned home from a visit to friends in Richmond.

Mr. W. H. Martin is much indebted to late.

QUESTION OF LIGHT.

Citizens of Bedford City Sue the Town for Cutting It Off.

(Special to The Times-Dispatch.)
BEDFORD CITY, VA., Jan. 11.—The Common Council of Bedford City has been brought into litigation over the electric light question by an injunction action by Messrs. F. O. Thomas and W. R. Abbot, Jr.

The Council recently promulgated a schedule of rates for incandescent lights, the charges for which are increased.

Messrs. Thomas and Abbot refused to pay the advanced rates and their lights were cut off. They sued out a bill of injunction before Judge Christian of Lynchburg, who ordered the lights turned on.

The complainants allege they had wired their houses for electric lights under the old schedule, and that to increase the prices is to violate their contract. They further allege the new schedule of rates is excessive and the service inferior. That the Council had purchased the electric plant without the consent of the people of the town, and they now make it an instrument of oppression and double taxation by the effort to make the incandescent lights pay the expenses of the street lights, and further, that the town has no right to operate a public utility for a profit. The town has employed Mr. S. V. Kemp, of Lynchburg, to represent its interests.

HELD HIM TO HIS "AD." AND KEPT THE OVERCOAT

(Special to The Times-Dispatch.)
SHENANDOAH, PA., Jan. 11.—"Well, you advertised overcoats given away," was the laconic excuse given by a stranger who was arraigned before Justice Shoenberger this evening on a charge of taking an overcoat from a dummy in front of a clothing store.

"He is right," said the merchant, as the fellow showed him his newspaper advertisement. "The joke on me; I withdrew the charge and pay the costs."

BLACK CREEK AND BARKER'S MILL

The pastor of Black Creek Baptist Church, Rev. J. L. Lottner, has resigned his position and has accepted a position to a hospital at the home of Dr. J. L. Lottner.

Miss Lela Atkinson, of "Ivy Lodge," is spending a short while with friends in Brookline Park.

Little Gladys Stovall, who has been quite sick, now improving.

Mrs. Van Dyke, who was so unfortunate in the recent fire at her home, is reported to be getting along nicely.
